NMR is *Art*

*Obscurin Ig59 in 10% D<sub>2</sub>O*

**Tracy Caldwell, 2014**

Chemistry Department | University of Virginia

**Field strength:** 600 MHz

**Why is this your favorite spectrum?**

This is my favorite spectrum because it is the culmination of a few years of work, and even though there were some very frustrating times getting to this spectrum, looking at it now with its bright colors and design makes me happy.
